Though the Federal Brownfields Grant funding is for a three-year period, the selected will be eligible for contract negotiation for five (5) years with optional years at the City's discretion. The minimum requirements and maintained for the duration of a contract with the City, for an applicant to be considered, are as follows: The applicant must be a "Brownfield Consulting Firm" that has been approved by the Mississippi Commission on Environmental Quality ("MCEQ"); The applicant must not submit an SOQ that exceeds thirty (30) pages (including every printed page except the front and back cover and transmittal letter); and Applicants that do not comply with these minimum requirements and/or do not satisfactorily document in the SOQ that they meet the minimum requirements will not be considered. Selection of the firm, in addition to the minimum requirements, will be based on the following rating criteria: (1) EPA brownfields grant management experience, and (2) Environmental assessment and remediation experience of key personnel that involved hazardous/toxic substances. In addition, official SOQ documents can be downloaded from Central Bidding at www.centralbidding.com. Electronic SOQ's can also be submitted at www.centralbidding.com.
